

MEDICARE SAVINGS PROGRAM TESTIMONIAL

This customer ordered regularly through Canada Drugs before the implementation of the Medicare Drug Program in 2006. He began ordering his Prescriptions through his Medicare Insurance Provider, Medco, for part of the year until he reached his coverage limit. Once in the coverage GAP, this customer began ordering through Canada Drugs.

From 2006 to the end of 2008, he spent approximately \$3,110.00 out of pocket on an annual basis in prescription and Medicare costs.

Since taking advantage of our Personal Savings Strategy, he can look forward to spending approximately \$2300.00 in total out of pocket costs for his prescriptions in 2009 thus **saving him approximately \$800.00 over the year**. Below is his personalized ordering strategy to ensure he realizes the savings:

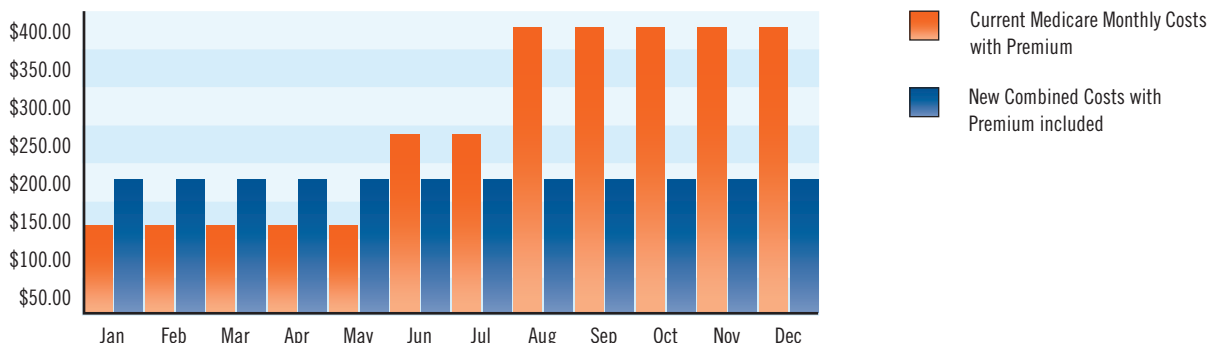

Total out-of-pocket Medicare costs for 2008:	\$3,111.97
Annual out of Pocket costs through Canada Drugs:	\$1,371.87
Annual Medicare Premium:	\$930.00
Canada Drugs Balanced Prescription Strategy costs:	\$2,301.80
Annual Savings through Combined Strategy:	\$809.17

Personal Savings Strategy for 2009
